Next Six Months To Be Hardest Yet

There are now 3000 OPA agents to be turned loose on the meat blackmarket, according to Andrew J. Crotty, Jr., member of the firm of Crotty Brothers, industrial restaurant operators, who was the guest speaker at the ladies' night of the Catholic Men's club held Monday evening in St. Augustine's school hall.

Mr. Crotty, who discussed at length the food situation in this country, pointed out that there were at one time only 5,000 non-federal inspected slaughtering houses, and it was estimated that nearly ten percent of the meat flow went through them. Only a week ago, he said, it was found there are now 31,000 non-federal inspected slaughtering houses, and the meat flow is up to forty percent. "So the big plants are getting only a part of what they should be getting. But the armed forces must have meat and the

John C. White Killed In Action in Pacific

John C. White, Ship's Cook, 2/c, was killed in action in the Pacific area recently, according to a Navy Department telegram received Sunday by his wife, who lives in Great Lakes, Illinois. The son of Mr. and Mrs. William M. White, 75 Stevens street, he had been in the Navy since November, 1942, graduating from the Cooks and Bakers school at the Great Lakes Training school last November. He went overseas late in February. He was born in this town, and was a member of the Clan MacPherson bagpipe band and Clan Johnston, 185, Order of Scottish Clans. He was formerly employed in the Tyer Rubber company.

Surviving in addition to his wife and parents is a son, eighteen-months-old John C. White, Jr.; two brothers, William W. White of this town and Seaman 2/c James White, U.S.N.R.; three sisters, Catherine, wife of John Cargill of Arbroath, Scotland; Jemima, wife of Leo Ruel of Andover; and Isobel, wife of George Quesenberry of this town; and several nieces and nephews.

MRS. MINARD TO DIRECT CHRISTMAS SEAL SALE

The Essex County Health Association announces that the chairman of the Andover Anti-Tuberculosis Christmas Seal Committee for 1945 is Mrs. Kenneth S. Minard, 17 Salem street. Mrs. Minard, a former Abbot teacher and the wife of a Phillips Academy teacher, is well known in Andover. She succeeds Mrs. Thaxter Eaton, who has been chairman the past three years.

Andover Honors Hero War Dead

Memorial Day was observed in Andover with a parade and exercises beginning at 9 o'clock on Wednesday morning. The parade formed in front of the Memorial Hall Library in Elm Square. Exercises were held on the steps, with Bernard L. McDonald, Commander of Post No. 8 American Legion in charge. The program opened with the national anthem by the Punchard High School girls' band. Rev. Elton E. Smith delivered the address.

The parade then moved up Main street to Chestnut and Whittier streets and to the steps of the Memorial auditorium. V. F. W. Post No. 2128 was in charge, with Commander Joseph Paine introducing the second speaker, Rev. Matthew F. McDonald, O. S. A. At the conclusion of the address, a salute by the firing squad was heard, and taps was sounded by Betty Jane Gordon of the Punchard High School Girls' band.

The parade was formed again and marched to Bartlet street and on to the Memorial Tower, where services were in charge of Commander McDonald of the American Legion. The Punchard Girls' Band again played the "Star Spangled Banner," and Miles Malone of the Phillips Academy faculty delivered the address.

Forming again, the parade moved on via Main and School streets into the South Church yard where wreaths were placed on the grave

House-to-House Canvass To Start Monday on Seventh War Loan Drive

More Andover Men Reported Liberated

Mr. and Mrs. Carl N. Lindsay, 59 Salem street, received a letter forwarded through the Army Signal Corps from their son, T/Sgt. Walker Lindsay, who has been a prisoner of war since November 1943. No word had been received from him since April. According to the letter he is feeling fine, and is now in France awaiting shipment home.

Mrs. Priscilla Hart of Waterman street, Providence, R. I., received a cablegram Friday night from her husband, Pvt. Kenneth M. Hart, 28 Wolcott avenue, advising her that he has been liberated by American armies on the western front. Pvt. Hart, who served in France and Belgium, has been a prisoner since November 3.

Sgt. Abraham Lincoln Sharpe of Andover street, Ballardvale has been liberated from a German prison camp, according to official notification received this week by Sergeant Sharpe's brother, Ralph.

Corporal William Benson, recently liberated from a German prison camp, has sent a letter, from France, to his mother, Mrs. Frances Benson of Marland Road. Corporal Benson said that he is feeling well—although he has lost weight—and expects to arrive home sometime in June.

Monday will see the launching of a house to house canvass in Andover for the purpose of raising the town's quota in the 7th War Loan drive. A large group has been organized to carry on this work in an effort to have every house in Andover visited.

The Andover 7th War Loan Committee announces that the sale of "E" Bonds is lagging somewhat and that the rate of purchase will have to be increased considerably in order to reach the quota set for for Andover at \$308,642.00. To date, less than 25% of this total has been subscribed. The Treasury Department has planned only two War Loan Drives this year as against three drives last year which naturally means that the quota has been raised considerably for the 7th War Loan Drive.

Everyone is anxious to get this Japanese War over as quickly as possible and our Army and Navy are planning on smashing Japan with an overwhelming number of B-29s, rockets, mortars and jet-propelled combat planes. A reminder, that the investment in 7th War Loan Bonds by the friends and relatives of the men who are to do the actual fighting is necessary to complete this job, should be sufficient.

The War Bond Committee has made arrangements for the "Infantry Concert Group," a regular Army musical organization composed of top-flight orchestra and symphony musicians, to present a program of modern and classical music at George Washington Hall on Tuesday evening, June 12th in conjunction with the 7th War Loan.

The program to be presented by this unusual Army Orchestra is similar to the light classical and modern favorites played by the Boston Pops Orchestra.

Walter Pearson has accepted the captaincy in the second precinct, and Randolph Perry and George Brakey have been appointed captains in the fifth and sixth precincts respectively. Mr. Pearson replaces Francis Kelley who was unable to accept the appointment.

Paper Collection Sunday, June 10

Andover's next paper collection will be made on Sunday, June 10, starting at 1:00 p. m., and no further collections will be made until September.

Householders are urged to get all their paper out on the curb by noontime Sunday, tied up securely. Papertroopers of the Andover Junior High School will assist the local truck owners in the street by street canvass.

The copy of the new order follows:

1. Individual copies of newspapers and magazines offered for mailing by publishers, addressed via the fleet post offices at New York, N. Y., or San Francisco, Calif., to Navy, Marine Corps, and Coast Guard personnel on duty overseas, shall be accepted only when they are being sent in fulfillment of written requests initiated by the addressees for subscriptions or renewals of subscriptions.

2. Postmasters at the offices of mailing shall require publishers to present for their examination the requests from the addressees for subscriptions or renewals of subscriptions.

3. Relatives and friends may pay for the subscriptions or renewals of subscriptions provided the addressees have initiated requests therefor.

4. Complimentary copies sent by publishers, copies paid for by advertisers, and copies sent under any kind of an arrangement whereby the requests of the addressees are solicited shall not be accepted.

5. Copies mailed in fulfillment of subscriptions which are unexpired on the effective date of this order shall be accepted until the subscriptions expire.

6. Publishers mailing copies in accordance with the foregoing shall include with the address a certificate reading: "Mailed in conformity with P. O. D. Order No. 27851." Copies not bearing this certificate should be promptly returned to the publishers.

NEWS OF OUR MEN AND WOMEN IN UNIFORM

WITH THE 321st BOMB GROUP IN ITALY—At a V-E Day ceremony the 321st B-25 Mitchell Bomb Group of the 12th Air Force was presented its second War Department citation, highest honor attainable by a combat unit, and among those sharing the honor is Cpl. James E. Trott, who has served as photographic technician with the twice-cited group. He entered the service in August, 1942, shortly after being graduated from Harvard University with an A.B. degree.

Leo Shiebler of the U. S. Navy has returned from overseas duty and is enjoying a 30-day furlough at his home, 29A Maple avenue.

CRAIG FIELD, SELMA, ALA. — The right to wear a pair of coveted "Silver Wings" and fly one of Uncle Sam's swift and deadly fighter planes against the Japanese has been won by James B. Paparella, Jr., son of Mr. and Mrs. James Paparella of 68 Elm street, who was appointed a flight officer this week in outdoor graduation ceremonies at the Pecan Grove at Craig Field, Selma, Alabama.

Lieutenant E. John Edmonds, U. S. N., has recently been made gunnery officer of the new destroyer, U.S.S. Vogelgesang, which was commissioned a short time ago in the Brooklyn Navy Yard. This makes him third in command of the ship. Lieutenant Edmonds has had nearly three years sea duty in the Pacific war zone, coming back to the States last October. He has a wife and small daughter in Silver Spring, Maryland.

Pvt. Herve Croteau recently arrived at Fort Ord, California, where he will receive advanced training.

Sergeant Wilfred Pelletier, a veteran of 18 months overseas duty, landed in this country on April 19 and is enjoying a 60-day furlough at the family home at 39 Beacon street. Sergeant Pelletier, while serving with the Fourth Armored Division of General Patton's Third Army, was taken prisoner by the Germans. After having been a prisoner of war for four months, he was liberated by the Russians and has been awarded the Silver Star. At the termination of his furlough, he will report to Lake Placid, New York. Wilfred dropped into our office on Tuesday to extend his thanks for the Townsman and when asked how it seemed to be home once again, his answer was in one word, "Sweet!"

Frederick Butler, Jr., has recently been promoted to the rank of captain. He is stationed somewhere in England as a member of the Eighth Air Force. Frederick is the son of Mrs. Anna O. Butler and the late Honorable Frederick Butler, 111 Main street. Mrs. Butler was recently informed that Captain Butler had suffered a fractured collarbone and is confined to a hospital. He entered service in January, 1943, and received his preliminary training at Maxwell Field, Union City, Tennessee, and Newport, Arkansas. On April 15, 1944, he received his wings and second lieutenant's commission at Spence Army Air Field, Moultrie, Georgia. In January he was promoted to a first lieutenant and has been overseas since last September.

Another local man, Private John Sullivan of Red Spring road, a veteran of action on the Western front, was among those who landed at Commonwealth Pier, Boston, on Monday morning.

According to word received here, Captain Duane C. Treeman of 126 Main street has been awarded the Oak Leaf Cluster to his Air Medal. The 21st Bomber Command, in awarding these air medals, praised the officers and enlisted men for their courage and skill. At the presentation the citation as read was "Under prolonged periods of physical and mental strain, and undaunted by the many hazards faced regularly and continuously," the flyers "displayed such courage and skill as to reflect credit" on themselves and the Army Air Force.

quartermaster has to go to the big packers and ask for 60 per cent of their products. So your local dealers have no meat because there isn't any."

He told of his various experiences while he was serving on a committee of five commissioned by Secretary Knox to travel all over the nation, to investigate the Navy's food supply, inspect food dumps, and analyze the books in answer to a charge that the Navy had large stores of surplus foods which were going bad. He stated that the committee found no such surplus and added that "If you could have seen one-fifth of what we saw you would be proud of your Navy, for those boys are being fed marvelously with the best cuts of prime beef and choice lamb."

"If an inn or hotel has meat," continued Mr. Crotty, "they have it through the chiseler or the blackmarketers. They could only give it once a month if they were on the level. The legitimate hotel or restaurant living on rationing and living as an American can't do it."

"We haven't seen anything yet so far as rationing goes. The farmer hasn't been able to feed his cattle corn and then sell the cattle at the O.P.A. price. There has been no corn-fed beef on the market and won't be until November. There will be a drastic cut in fats and oils. Japan cut us off from our supply of oils and fats. We can't deny those things to the destitute people in Europe and according to the Geneva conference the job of the Army is to feed these people."

ENGAGEMENT

Mr. and Mrs. Robert V. Deyermund, 91 Elm street, announce the engagement of their daughter, Gladys Elliott, to PFC David L. Markert, U.S.M.C., son of Mr. and Mrs. LeRoy T. Markert, 56 Chestnut street.

Miss Deyermund is a graduate of Punchard high school, and at present is employed by the M. T. Stevens Co. in Haverhill.

PFC Markert was graduated from Punchard high school, and attended Lowell Textile Institute for one year before leaving for the service in July, 1943. He is now in Quantico, Virginia, where he is enrolled in officer candidate school.

"Contrary to some opinions, everyone of the big packing houses has come through beautifully. Thousands of tons of meat have been sunk on the high seas, but the boys on the beachheads must be fed. We are raising thousands of tons of vegetables on the Pacific's islands, and Australia has worked the lend-lease in reverse by helping to feed our boys. It's cheaper because of the short haul. The boys are getting marvelous food. I'll grant it's not prepared by mother, but it's a well-balanced meal."

"The next four to six months will be bad," he stated. "We will eat lots of things we never saw before. There is a great shortage of chicken because the soldiers in this country get chicken once a week, and that means 2,000,000 a week."

He pointed out that many people have had more money than ever before, and in accordance with the American way the average man wants to give his family more than he had, and therefore orders the finest cuts of beef. The farmer and the rancher were taken into the service and upset the nation's economy.

After the speaker a musical program and social hour with refreshments was held.

Give Everybody A Break

How are you doing on meat and sugar and cigarettes these days? How do you like the prospect of a much harder six months ahead?

According to Andrew J. Crotty, whose connections with Army and Navy feeding and the O.P.A. administration of rationing qualify him to speak with authority, we haven't seen anything yet. Much of the difficulty that we are experiencing these days is unavoidable, and not a single one of us will grumble because the boys in the Army and the Navy are being better fed than we are. We don't mind at all if people in the service are better treated than civilians, but what gripes most is that some

civilians are treated better than others. The purpose of rationing is that all should be treated fairly; yet we all know there are abuses. Mr. Crotty pointed out in his talk here Monday that restaurants and hotels that serve choice pieces of meat very often are not able to do so and still live within the regulations. In other words, they are dealing with black markets, and anybody who patronizes them is aiding and abetting the black market.

Every restaurateur, every storekeeper and every citizen should join to make certain that everyone is treated alike. Common sense should be used by the storekeepers in distributing their supplies. If anybody happens to get more car-

tons of cigarettes than is usual, he certainly should not sell them by the carton, but should spread out his supply so that everybody would get a break, rather than just a few. If a storekeeper gets just so much meat every week, he certainly should try to see that it is not the same person that gets the choice cuts every week, even if that person does manage to slip him an extra five dollar bill every once in a while.

There are abuses. Anybody who collaborates in these abuses is far from being an American.

BLACK MARKET NEWS

Before Rationing of Fresh Meats began, there
were in these United States about 1500 Packing Plants
that supplid every Meat Dealer with all the Meats he
could sell. These plants also shipped an enormous
amount of Meat to foreign countries.

Now, since rationing of Meats became a law,
there have been issued over 41,000 permits allowing
men to slaughter Beef, Lamb and Veal only. At this
writing, I do not know how many permits have been
granted to men to slaughter Hogs! I am told there
are over ten times as many!

*Mr. Fellow Citizen, This Is Your Problem, just
as well as mine.*

Question—Who granted these permits?

Question—Where do they get the meat to
slaughter?

Question—Where do they sell it?

*If you want to know the answer to these ques-
tions, just WRITE to your Senator and Congressman
—THEY ought to know.*

There are over 200,000 regular meat dealers and
not one of us can get enough to supply one-tenth of
our customers
